

RESTORING HOPE, TRANSFORMING LIVES

PROGRAMS & SERVICES

Founded in 1900 by the Sisters of the Holy Family of Nazareth as a refuge for orphaned children, **Holy Family Institute** is a Catholic social-service agency that empowers children and families to build safe, stable and hopeful lives, guided by faith, hope, and love.

EDUCATION

Three schools serving children from 6 weeks old through high school.

COMMUNITY-BASED PROGRAMS

Six programs that help families stay safe, stable and together.

WORKFORCE DEVELOPMENT

Two pathways from potential to a lasting career.

At **Nazareth Prep**, students start building careers before they graduate through our innovative internship program, gaining real work experience alongside Pittsburgh professionals. **Tools for Life** gives young adults ages 18–25 the housing, transportation and support they need to finish apprenticeships and skilled trades training — and step into skilled careers.

WORKFORCE DEVELOPMENT

From classroom to career

A good job changes everything — for a young person, their family and our region. We open **two doors to meaningful work**: one for high school students and one for young adults ready to master a trade.

Nazareth Prep Internship Program

Students work alongside professionals at **more than 36 corporate partners** in industries including healthcare, finance, advanced manufacturing, robotics, construction, information technology and more. They build real skills, résumés and networks while still in high school — and graduate ready for college, career or both.

Tools for Life

Affordable campus housing, meals, rides to job sites and life-skills classes for adults 18–25 in apprenticeships or skilled trades training, removing barriers to completing their training and putting them on the path to successful careers with family-sustaining wages.

HFI helps grow Pittsburgh's next workforce

Pittsburgh's workforce is aging. As experienced workers retire, employers across our region face a growing shortage of skilled talent — and too few trained workers are in the pipeline to take their place.

We're helping close that gap. HFI aligns students' training with high-priority, high-demand career pathways, so young people step into the jobs our region needs most.

Numbers show people served in 2025-2026.
